Endowed Chairs at Saint Francis University

Endowed Chairs serve multiple needs at Saint Francis University, including maintaining a faculty of distinction; encouraging scholarship among faculty and students; providing for visiting lecturers; granting financial aid to students; and generally enhancing the scholarship and teaching process.

The Joseph and Marguerite DiSepio Chair in Computer Science

Established in 2001 by Saint Francis alumni, Joseph '58 and Marguerite (Scharpf) '60 DiSepio, the endowment is committed to raising the level of excellence within the computer science department. The endowment funds faculty development; a distinguished lecture series; student internship programs; and research and practices in the field of security and information assurance.

The Dr. Albert A. Zanzuccki Chair in Business Administration

Established in 2006 by Saint Francis alumni John S. '64 and Sheila (Widmer) '65 Connors, the endowment is named in honor of Dr. Albert Zanzuccki, professor emeritus and former chairman of the business administration department. The endowment is used to attract outstanding senior scholars and recognized business leaders to lecture and teach at the University; honor a distinguished Saint Francis faculty member; fund faculty and student research programs; and serve other purposes as advised by a Chair committee.
