CREDIT EQUIVALENCY BETWEEN SAINT FRANCIS UNIVERSITY
AND PITTSBURGH TECHNICAL INSTITUTE

The information contained in this document is based on the course descriptions in the *2001-02 Saint Francis University Catalog* and the *2001-2002 Pittsburgh Technical Institute Catalog*

GENERAL TRANSFER CREDIT/ARTICULATION AGREEMENT
SAINT FRANCIS UNIVERSITY
AND
PITTSBURGH TECHNICAL INSTITUTE

Saint Francis University and Pittsburgh Technical Institute recognize the need and importance of facilitating the transfer of students from one institution to the other as students pursue their educational goals. In an effort to facilitate the transfer process and to promote the closer coordination of academic courses, programs, and degrees offered by the cooperating institutions, the schools do hereby enter into the following articulation agreement for select business majors who have completed associates degrees in the business areas.

Transfer applicants must submit a formal application and official transcripts from all previously attended colleges to the dean of enrollment management (day division) or the director of the office of continuing education (evening/week-end division). For counseling purposes, a high school transcript must also be filed with the appropriate office. After being accepted, transfer applicants must submit a university clearance form (provided by Saint Francis University at the time of application).

The following academic policies and procedures will be implemented:

1. A transfer student must have at least a 2.0 Q.P.A. ("C" average).
2. Students seeking admission to specific programs must meet the program specific criteria which are described in the university Catalog, e.g., nursing, physician assistant, and others.
3. Transfer credits are not used in computation of an individual's cumulative quality point average at Saint Francis University.
4. Transfer credits will be evaluated on a course-by-course basis. Only courses with a grade of "C" or better will be approved for transfer. A course for which no credit is given at the original institution cannot be transferred for credit to Saint Francis University; developmental, review or remedial courses are not transferrable. Transfer students receive an official evaluation of advanced standing after an offer of admission has been made. A preliminary evaluation, even before application, may be requested.
5. Candidates for a bachelor of science degree must fulfill appropriate degree requirements. At least sixty-four (64) credits of study must be completed at Saint

The PTI courses listed equate to fifty-four (54) Saint Francis University semester hour credits.

A maximum of ninety-six (96) quarter credits are possible for transfer into a Saint Francis University degree program from Pittsburgh Technical Institute. These ninety-six (96) credits would be equivalent to **sixty-four (64) semester credits** at Saint Francis University.

- * For a transfer student to receive equivalent credit at Saint Francis University, both the BA 1040 and BA 1110 courses must be completed. In the event that only one course is completed, the student will receive elective credit toward graduation, and the required course must be completed at Saint Francis University.

- ** Individuals completing BA 1040 and 1110 will receive credit for ACCT 101 at Saint Francis. Those completing BA 1040, 1110, and 1070 will receive credit for ACCT 101-102 at Saint Francis University.
